For your project needs

Sattva Projects Oy is an expert project management services provider company with focus on Energy, Mining, Industrial and Infrastructure projects. We are here to help you in successfully executing your capital intensive projects.

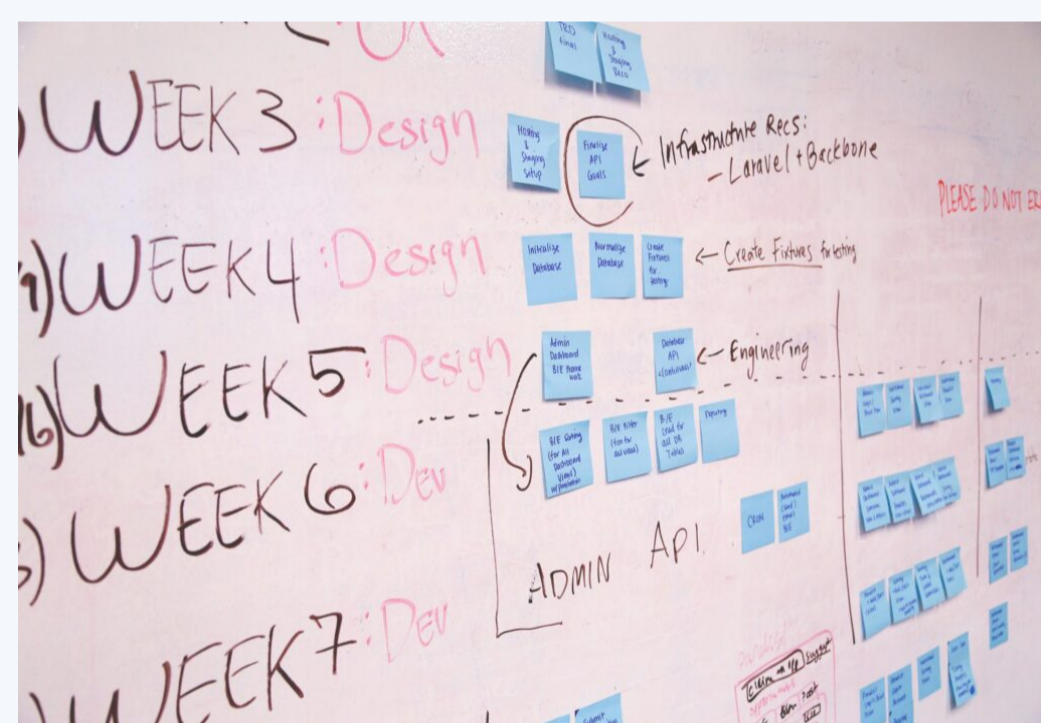

We at Sattva Projects Oy offer and encourage open and innovative and collaborative partnership. We are here to serve if you are looking for expert project management resources or wish to improve project management competence of your team.

Sattva Projects specializes in serving clients in the Energy, Mining and Minerals, Pulp and Paper, and other Mechanical industries. Our expertise in Project Management and Business acumen benefits a broad spectrum of industries in Finland and beyond. Through adept project management, financial, and business analytical skills, we enable businesses to implement effective management strategies. Whether taking the lead in executing complex projects or enhancing project management capabilities, our overarching goal is to drive clients' business success with efficiency. At Sattva Projects, our vision is to empower clients' success through expert project and business management, aiming to become trusted and go-to partners for our customers' growth.

CEO of Sattva Projects is a seasoned Project Management Professional with over 36 years of experience, specializing in the successful delivery of complex EPC projects worldwide. Throughout his career, he demonstrated a strong commitment to customer satisfaction while providing end to end solutions during project life cycle. He successfully demonstrated his responsibilities for profit & loss and project success criteria. His expertise lies in translating organizational strategies into actionable results, employing a blend of leadership, business acumen and project management skills.
